

### DESCRIPTION

Bunny Burrow is a place for play and hiding. A short, easy-to-cross tunnel entrance allows entry inside, where children are greeted by a bunny figure. The solid construction ensures children can fully enjoy play, guaranteed by elements that allow for physical activity and the development of motor skills and hand-eye coordination through installed manipulations.

Construction: load-bearing posts made from stainless steel; Anchoring: directly in the ground; Panels: made from flexible high-pressure polyethylene HDPE (15 mm); Tunnel: made from PP material; Steel components: made from stainless steel; Fittings and connectors: made from stainless steel.

### INFORMATION

Number of users	8
Age range	
Device dimensions [m]	1,31 x 1,52 x 1,49
Compliance with the norm	
Spare parts
