

Countertop for lattice House

58108

DESCRIPTION

The countertop mounted on the window of the Lattice House is a practical addition that transforms the house into a shop, post office, or other creative play spaces. Made of impregnated wood, the countertop is durable and weather-resistant. It blends perfectly with the house's aesthetics, providing additional opportunities for outdoor play and learning. Construction: pine wood boards with a thickness of 2.0 and 2.5 cm, vacuum impregnated; Anchoring: freestanding products and those anchored directly in the ground using a steel anchor.
