

DESCRIPTION

The Retro Set 201 is a perfect blend of classic design and modern functionalities, providing children with plenty of fun and developmental challenges. The structure of the set consists of two sturdy wooden platforms connected by a bridge, allowing for various forms of activity. A safe and comfortable ramp allows easy access to the platform. The climbing wall with a rope offers a physical challenge, developing motor skills and coordination. All wooden elements are made from selected wood that is protected against moisture and pests, ensuring durability and resistance to weather conditions. Thanks to the use of modern conservation methods, the playground will provide safe play for many years. The Retro ...
