

DESCRIPTION

The Retro Set 301 is a comprehensive structure that combines the classic charm of a wooden playground with modern play elements. This set consists of three sturdy platforms that serve as stable starting points for various activities. Two climbing walls with stones and one with ropes offer children challenges that develop their motor skills and coordination. The Retro Set 301 also includes various interesting entrances and passages, providing children with many opportunities for exploration and play. The long slide, made from HDPE material recycled from fishing nets, not only ensures safe play but also aligns with our commitment to environmental care. The solid construction from natural wood, protected against mo...
