

DESCRIPTION

The 6504 set is a play center for toddlers. After navigating the entry ramp, children discover a large, open space with many attractions, including manipulative elements and games placed on six safety panels.

Construction: load-bearing posts made from stainless steel pipes with a diameter of 76.1 mm.

Anchoring: directly in the ground. Roofs and safety panels: panels made from flexible high-pressure polyethylene HDPE (15 mm). Steel components: fittings and connectors made from stainless steel.
